

This forklift magnetic sweeper is designed to efficiently clear car parks, factory floors, and other areas of hazardous steel debris.

With its corrosion-resistant and highly durable construction, the magnet sweeper reduces the risk of expensive vehicle punctures or human injury, making it an essential tool for any industrial or commercial setting.

Easily mounted onto standard forks and featuring a "quick release" mechanism for easy cleaning, this 1200mm wide sweeper offers a large span collection, ensuring thorough and efficient debris removal.

Model Ref	Magnet Width (mm)	Magnet Depth (mm)	Pull Force (kg)	Weight (kg)	To Suit Max Fork Size (mm)	Fork Spread (O/s-O/s) (mm)
FMM-1200-MSW	1200	76	90	14	170 x 45	1050

Features & Benefits

- Strong magnetic pull of 90kgs
- Reduces the risk of expensive tyre repairs or human injury
- Corrosion resistant, highly durable
- Incorporates a 'quick release' mechanism for easy cleaning
- 1200mm wide, large span collection
- Eye bolt safety fasteners for forklift fork retention

Please Note :

This magnet can effect Pacemakers, Credit Cards, Watches and other electrical devices.

Minimum safe distance = 1m
