

Transform your forklift into a powerful floor scraper with the Forklift Floor Scraper, designed for effortless removal of paint overspray and adhesives from various surfaces.

Offering simple installation, just slide the forks into the attachment pockets, secure with 'T' bolts, and attach the retaining chain for added safety.

The Forklift Floor Scraper features a robust 800mm wide scraping blade made from durable chamfered steel, which ensures long-lasting performance.

For added convenience the blade can be replaced when needed.

Model Ref	O/all Length	O/all Width	To Suit Max Forks	Fork Spread (o/s - o/s)	Weight
FMS800	910mm	800mm	140 x 65mm	780mm	54kg
