

Upgrade your workshop's waste management with our mini forklift dumping box for efficient small scrap collection.

Its compact design and 100mm braked swivel castors allow easy Manoeuvrability in tight spaces.

Integral fork slots enable simple forklift handling for streamlined transport to waste collection points.

Enjoy hassle-free disposal with the bottom-opening hinged base, easily operated by a manual pull cord for quick emptying.

The hinged base automatically re-locks after emptying, ensuring safety during lowering.

Model Ref	Volume Capacity	Load Capacity	O/all Length	O/all Width	O/all Height	Weight
LL-BDB	0.17m ³	500kg	638mm	1137mm	480mm	82kg
To Suit Max Fork Size : 200mm x 60mm Fork Spread (Outside to Outside) : 580mm						

- Manufactured from 3mm thick steel, offering long service life properties
- Simple to operate manual wire pull cord release - no mechanical parts to breakdown
- Base automatically locks when lowered onto a solid surface, helps speed up operations
- 100mm diameter braked swivel castors allows the dumping box to be easily manoeuvred and positioned where required
- Supplied with safety security chain to ensure the stillage is positively connected to the truck
