

Introducing our versatile tilting skip bin, available in two robust capacities: 200kg (200 litres) and 400kg (260 litres). Crafted from durable sheet steel and mounted on a sturdy square frame chassis, this skip bin is designed for efficient waste collection in workshops and factories.

Safety and ease of use are paramount, featuring a reinforced body rim, a convenient handle for pushing and emptying, and a secure retaining latch that prevents accidental tipping. For added functionality, optional welded fork guides make it forklift-compatible, while the 200mm diameter wheels and swivel castor ensure smooth maneuverability across any surface.

Capacity	200kg (200 Litres)	400kg (260 Litres)
Body Size (L x W x H mm)	1050 x 580 x 525	350
Overall Size (L x W x H mm)	1175 x 850 x 790	1000
Weight	68kg	1000
Model Ref	RH-SB08	RH-SB10

Optional Extras

Perforated base and drain tap

Forklift pockets (factory fitted extra) 125 x 40mm

Features & Benefits

- Fabricated sheet steel body mounted on square frame chassis
- Reinforced body rim
- No sharp edges
- Handle for pushing and load dumping
